5. 6. Instruct the Executive Officer of your Board to file a copy of the Resolution Ordering Annexation with the County Assessor.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

This recommended action is for your Board to annex the territories into County Lighting Maintenance Districts 1687 and 1697 and County Lighting District LLA-1, Unincorporated and Carson Zones, and levy assessments for Fiscal Year 2003-04 so that the necessary assessments can be applied to the benefitted properties for the installation, operation, and maintenance of these street lights.

The Board approved and filed the various Petitions listed in Appendix A, which are requests for the installation of street lights on new and existing wood poles with overhead wiring. The Petitions favoring the installation of these street lights were signed by property owners representing over 60 percent of the area. These annexation areas are located in the County of Los Angeles but is not within County Lighting Maintenance Districts 1687 and 1697 or County Lighting District LLA-1, Unincorporated and Carson Zones.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as this annexation, levy of assessment, and property tax transfer provides the funding necessary for the operation of new street lighting facilities within these Annexed Territories. It also satisfies the Goal of Service Excellence since street lights provide for the convenience and safety of the motoring public, as well as for the safety and security of people and property, which improves the quality of life in the County.

FISCAL IMPACT/FINANCING

Sufficient funds are included in the Unincorporated and Carson Zones budgets to pay the annual cost of \$7,028 and \$12,672 respectively, for the installation, operation, and maintenance of these street lights until assessments can be collected from the property owners within the territories to be annexed. The Southern California Edison Company will install the street lights without an installation charge.

The ad valorem property taxes and assessments collected from the benefitted properties within the territory to be annexed will fund the operation and maintenance of these street lights.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The County Lighting Maintenance Districts, formed pursuant to the Streets and Highways Code Improvement Act of 1911, permits the County Lighting Maintenance Districts to collect ad valorem property taxes for the purpose of funding the ongoing operation and maintenance of street lighting facilities within the District. The County Lighting District LLA-1, formed pursuant to the Streets and Highways Code Landscaping and Lighting Act of 1972, permits the County Lighting District LLA-1 to levy an assessment against benefitted property owners for the purpose of providing supplemental funding for the operation and maintenance of street lighting facilities within the District.

With the passage of Proposition 218 (State Constitution, Articles XIII C and XIII D) in November 1996, it became necessary to ballot the property owners prior to imposing or increasing a street lighting assessment for the operation and maintenance costs of the street lights. As a result, the legal provisions of the Landscaping and Lighting Act and Proposition 218 now govern the process for establishing street lighting assessments. Therefore, if a majority protest exists under either the provisions of Proposition 218 or the Landscape and Lighting Act, the proposed annexation will be abandoned.

Pursuant to the requirements of Proposition 218, an assessment ballot and public hearing notice will be mailed to property owners within each proposed annexation area no less than 45 days prior to the public hearing scheduled for _____.

The assessment ballots, weighted according to the amount of the assessment paid by each property, will be tabulated at the conclusion of the public hearing. Only these ballots that are returned will be counted to establish whether a majority protest exists under the provisions of Proposition 218. The assessment cannot be levied if the weighted majority of ballots submitted are opposed to the assessment, in which case, the assessment shall be abandoned and the annexation and tax transfer proceedings terminated.

Proposition 218 requires that a public hearing be held at a regular Board meeting. The enclosed Resolution of Intention to Annex Territories, and the Resolution Ordering Annexation of Territories and Levying of Assessments, must be adopted to set a date for the public hearing. Your Board may delay your determination regarding the levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the assessment at the close of the public hearing.

Section 99.01 of the Revenue and Taxation Code provides that when an area is annexed to a special district for the provision of services that were not previously provided within the territory being annexed, the special district providing the new services is entitled to a share of the growth on the 1 percent ad valorem property tax generated in the area being annexed. That share is to be taken from the other agencies, except exempt entities, which are currently receiving a share of the property taxes in the area. The affected agencies must approve and accept the exchange of property tax revenues by resolution. For those agencies under the Board's jurisdiction, the Board can act on their behalf. For those agencies with their own governing boards who fail to adopt a resolution providing for the exchange of property tax revenues, your Board can approve the exchange of property tax revenue for that agency.

The City of Carson has executed a Resolution Granting Consent and Jurisdiction to the County in the matter of annexation and to the assessments thereof, on file with Public Works, and a Joint Resolution Approving and Accepting the Exchange of Property Tax Revenues resulting from the Annexation of Territory to County Lighting Maintenance District 1697, which is enclosed for your consideration.

Upon your Board's approval of the Resolution of Intention, Public Works will mail to all nonexempt agencies with their own governing boards the Resolution Approving and Accepting the Exchange of Property Tax Revenues for the agencies' approval. Resolutions approved by these agencies will be presented to your Board after the conclusion of the public hearing for your consideration.

The Honorable Board of Supervisors
November 27, 2002

Following the Board's approval of the annexation, levy of assessment, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the Government Code. The State Board of Equalization will approve the transfer of property tax revenue beginning in Fiscal Year 2004-05.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the Government Code. Copies of diagrams showing the boundaries of each proposed annexation territories are included with the Resolution of Intention to Annex Territories.

Public Works will post notices of the public hearing as provided by Section 5838 of the Streets and Highways Code. The enclosed Resolutions have been approved as to form by County Counsel.

ENGINEER'S REPORT
PETITION 58-402**

On July 9, 2002, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for annexation of territory to County Lighting District LLA-1, Unincorporated Zone, pursuant to the Landscaping and Lighting Act of 1972 of the Streets and Highways Code of the State of California for the purpose of providing for the cost of installing, operating, and maintaining ten street lights within the annexed territory. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levy of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefitted properties within the Lighting District in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979. A report showing the approved method and the assessment units to be assessed on the various types of lots and parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference.

All of the parcels of real property affected are shown in Appendix "A." These parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code which are on file in the office of the County Assessor and are made a part hereof by reference and in the attached diagram.

In accordance with Proposition 218 provisions, parcels within a Lighting District that are owned or used by any Governmental agency are now subject to street lighting assessments in Districts where a new assessment is proposed.

The cost of operating and maintaining these lights can be financed by means of a special assessment which can be applied to the benefitted property owners.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition 58-402, and to provide for their operation and maintenance.

All of the parcels of real property affected are shown in Appendix "A." These parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code which are on file in the office of the County Assessor and are made a part hereof by reference and in the attached diagram.

In accordance with Proposition 218 provisions, parcels within a Lighting District that are owned or used by any Governmental agency are now subject to street lighting assessments in Districts where a new assessment is proposed.

The cost of operating and maintaining these lights can be financed by means of a special assessment which can be applied to the benefitted property owners.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition 148-1101, and to provide for their operation and maintenance.

PETITION 99-801**

On April 30, 2002, the Board of Supervisors of the County of Los Angeles adopted a Resolution Initiating Proceedings for annexation of territory to County Lighting District LLA-1, Unincorporated Zone, pursuant to the Landscaping and Lighting Act of 1972 of the Streets and Highways Code of the State of California for the purpose of providing for the cost of installing, operating, and maintaining four street lights within the annexed territory. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levy of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefitted properties within the Lighting District in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979. A report showing the approved method and the assessment units to be assessed on the various types of lots and parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference.

We believe that it would be in the public interest to install street lights in the designated area, as requested by the signers of Petition 1687, and to provide for their operation and maintenance.

TO CONSIDER ANNEXATION TO

COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE
VARIOUS PETITIONS**

Notice is hereby given that a public hearing will be held by the Board of Supervisors to consider the annexation of territories known as Petitions 58-402, 15-202, 12-202, 42-302, 150-1101, 148-1101, 99-801, 147-1101, and 41-302 to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone. These territories, whose street locations are described below, are proposed for annexation to the County-administered Lighting Districts for the installation of street lights, and for the collection of assessment revenues to pay for their operation and maintenance.

The proposed annual street lighting assessment is \$5 for a single-family home. Vacant lots will not be assessed until the lot is developed.

- Petition 58-402: 3rd Avenue between Don Julian Road and Lomita Avenue in the Avocado Heights area.
- Petition 15-202: Poplar Avenue between Ninth Avenue and Valencia Avenue in the La Puente area.
- Petition 12-202: Petunia Street east of Calera Avenue in the Azusa area.
- Petition 42-302: Orkney Street between Rockvale Avenue and Fenimore Avenue in the Azusa area.
- Petition 150-1101: Twintree Avenue north of Orkney Street in the Azusa area.
- Petition 148-1101: Kingside Drive east of Irwindale Avenue in the Irwindale area.

- Petition 147-1101: Saint Malo Avenue north of Joycedale Street in the La Puente area.

The levy of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996) which provides for

property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territory proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner.

In addition to returning the assessment ballots, property owners may file with the Executive Officer of the Board of Supervisors a written protest against the proposed annexation at any time prior to the conclusion of the public hearing. The written protest must identify the property owned and must state all grounds for objection. The protest may be withdrawn in writing prior to the conclusion of the public the hearing. A majority protest will cause abandonment of the proposed annexation.

COUNTY OF LOS ANGELES DEPARTMENT OF PUBLIC WORKS
NOTICE OF PUBLIC HEARING
TO CONSIDER ANNEXATION TO
COUNTY LIGHTING MAINTENANCE DISTRICT 1697 AND
COUNTY LIGHTING DISTRICT LLA-1, CARSON ZONE
PETITION 125-800**

Notice is hereby given that a public hearing will be held by the Board of Supervisors to consider the annexation of territory to County Lighting Maintenance District 1697 and County Lighting District LLA-1, Carson Zone, Petition 125-800. Said Hearing will be held on Tuesday, January 28, 2003, at 9:30 a.m., in the Hearing Room of the Board of Supervisors, Room 381B, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street at Grand Avenue), Los Angeles, California 90012.

This territory is proposed for annexation to the County-administered Lighting Districts to install street lights on Figueroa Street, in the City of Carson area, and to pay for their operation and maintenance. The proposed annual street lighting assessment is \$1.00 for a single-family home. Vacant lots will not be assessed until the lot is developed. The levy of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996) which provides for property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territory proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner.

In addition to returning the assessment ballots, property owners may file with the Executive Officer of the Board of Supervisors a written protest against the proposed annexation at any time prior to the conclusion of the public hearing. The written protest must identify the property owned and must state all grounds for objection. The protest may be withdrawn in writing prior to the conclusion of the public the hearing. A majority protest will cause abandonment of the proposed annexation.

The Engineer's Report on Petition 125-800 is on file and available for public review in the Executive Office of the Board of Supervisors, Room 383, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street at Grand Avenue), Los Angeles, California 90012.

If you have any comments about the proposed annexation, you may address them in writing to: County of Los Angeles Department of Public Works, Attention Mr. Joaquin Herrera, Traffic and Lighting Division, P.O.
